

M.A.P. system

Pipe & Wall Sealer by Maxell

The primary and differentiating feature of Maxell Airtight Products(M.A.P.) and flashing materials is "Quick and easy to install".

Pipe & Wall Sealer is an airtight and waterproof adhesive sheet to be applied to pipes that pass through the envelope of buildings.

How to Use

Press it over the pipe

Peel & Stick

That's it !!!

Construction is
completed in
about 30sec

Quick and Easy to Install for Everyone!!

Construction Example for Wall

◆ Have you experienced these kinds of things?

Inconsistency
in work

The finish is
not good

Complicated
work

◆ Our Proposal for solution

If you use Pipe & Wall Sealer for pipe penetrations,
you will be able to achieve perfect airtightness!!

The finish is perfect

Construction Example

Construction Example for Roof

◆ Have you experienced these kinds of things?

◆ Our Proposal for solution

- ◇ Pipe & Wall Sealer can be used for roofing applications as a second line of defense against leaking.
- ◇ You can use Pipe & Wall Sealer in CONJUNCTION with the boot grommet, as it will prevent leaking if the boot begins to fail.

w/ Pipe & Wall Sealer

No Leakage!!!

Structure

Front Side

Back Side

Thickness : 74mil(1.88mm)

**Complies with
AAMA711-13**
